SKILLS

- Programming Languages C, C++, Java, and Python for problem-solving.
- Frontend Development HTML, CSS, Bootstrap, Tailwind, React
- Backend Development Node.js, Express.js
- Database Management NoSQL (MongoDB) and SQL (MySQL)

EDUCATION

- Information Technology | Charotar University of Science & Technology - CGPA: 8.66
- XII (GSEB) | Bhakti International School | PR: 95.46%

(Mar '23)

X (GSEB) | Bhakti International School | PR: 97.59%

(May '21)

PROJECTS

● Weather App 【~

- The Weather App is a user-friendly application that provides real-time weather information for any location around the world. It fetches data from a weather API and displays key metrics such as temperature, humidity, wind speed, and weather conditions with an intuitive and clean interface.
- Technologies Used: HTML, CSS, JavaScript, React.js, Weather API, ExpressJS

• Tic Tac Toe Game 📝

- Developed a classic Tic Tac Toe game with interactive UI, turn-based logic, and win/draw detection. Designed for 2-player local gameplay with a reset option and dynamic board updates.
- Built a web-based Tic Tac Toe game using HTML, CSS, and JavaScript, featuring interactive game logic, real-time board updates, and win-condition recognition. Emphasized clean design and responsive layout.
- This project demonstrates a strong understanding of DOM manipulation, event handling, and basic game logic development in a browser environment.

BookStore App

- Created a full-stack online BookStore App with user authentication, dynamic product listings Built with the MERN stack (MongoDB, Express.js, React, Node.js) to enable seamless data flow between client and server.
- Designed a responsive and intuitive UI for browsing books, adding/removing items to the cart, and completing purchases. Integrated secure login and registration features for personalized user experiences.
- This project highlights proficiency in full-stack development, RESTful APIs, state management, and deployment using Vercel for scalable web hosting.

ACHIEVEMENTS

• NPTEL Certificate | Introduction to Programming in C

(Jan '24 - Apr '24)

-Elite

NPTEL Certificate | Data Structure and Algorithms using Java

(Jul '24 - Oct '24)

-Elite
